

ACT3 Cisco Anyconnect VPN connection instructions for Windows 7

In your browser go to: <https://vpn.act3-ace.com>

A screenshot of a 'Login' dialog box. The dialog box has a title bar with a key icon and the word 'Login'. Inside the dialog, it says 'Please enter your username and password.' Below this, there are three input fields: 'GROUP:' with a dropdown menu showing 'ACT3', 'USERNAME:' with the text 'chris.clark', and 'PASSWORD:' with a masked password field. A 'Login' button is located at the bottom right of the dialog.

Group: ACT3

username: <your Active Directory login>

Password <your Active Directory password>

Click Login

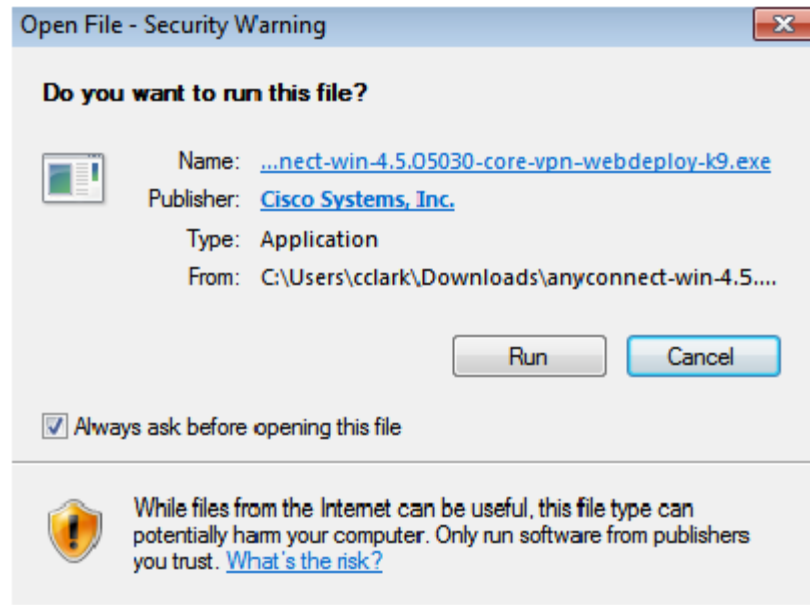

***in this case the automatic web installation did not work from my reading this seems to be very common with Windows 7 thus I am going to go through the workaround here ***

Click the AnyConnect VPN link

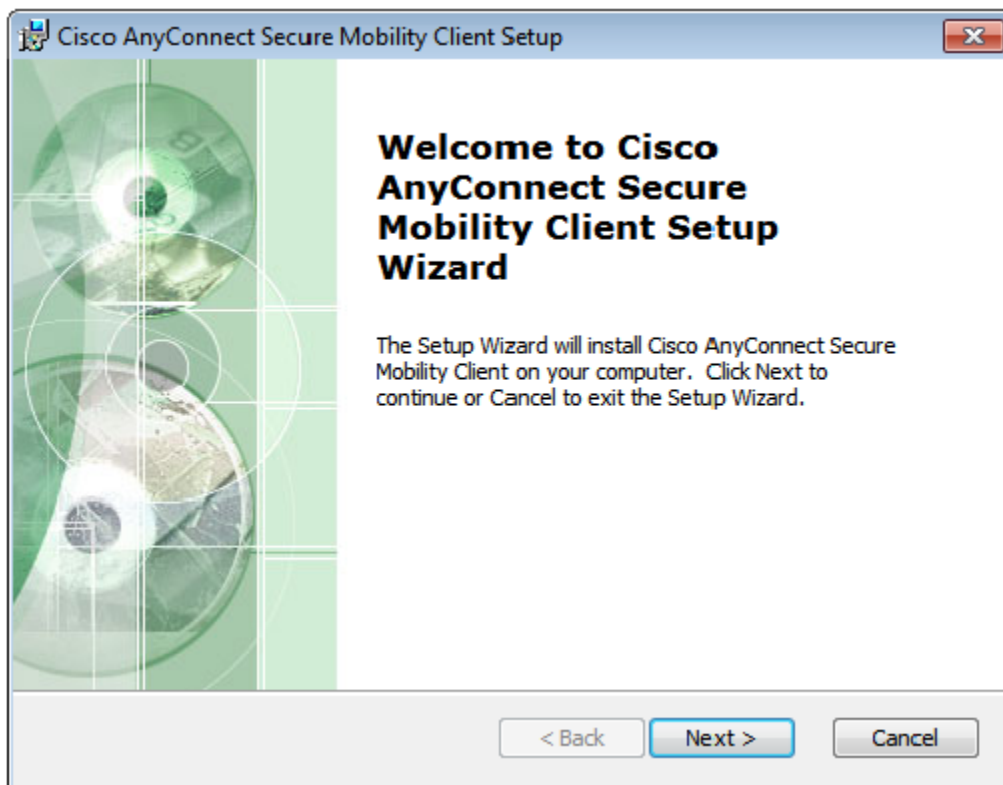

You should see a download in the lower left corner of your browser.

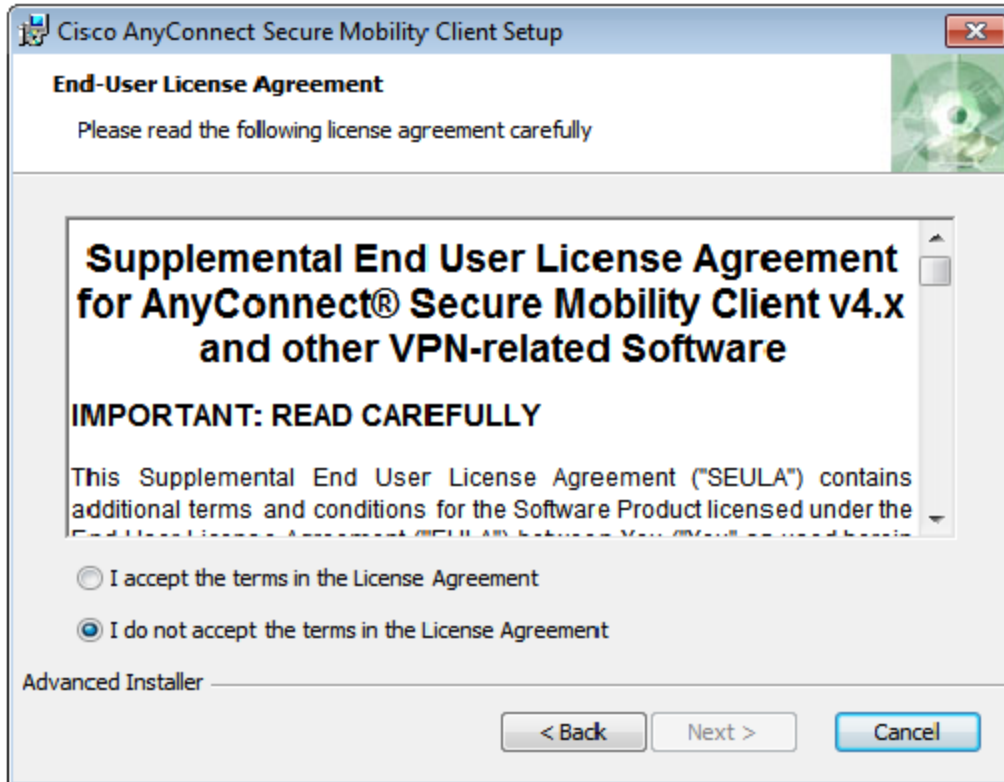

Click the Download

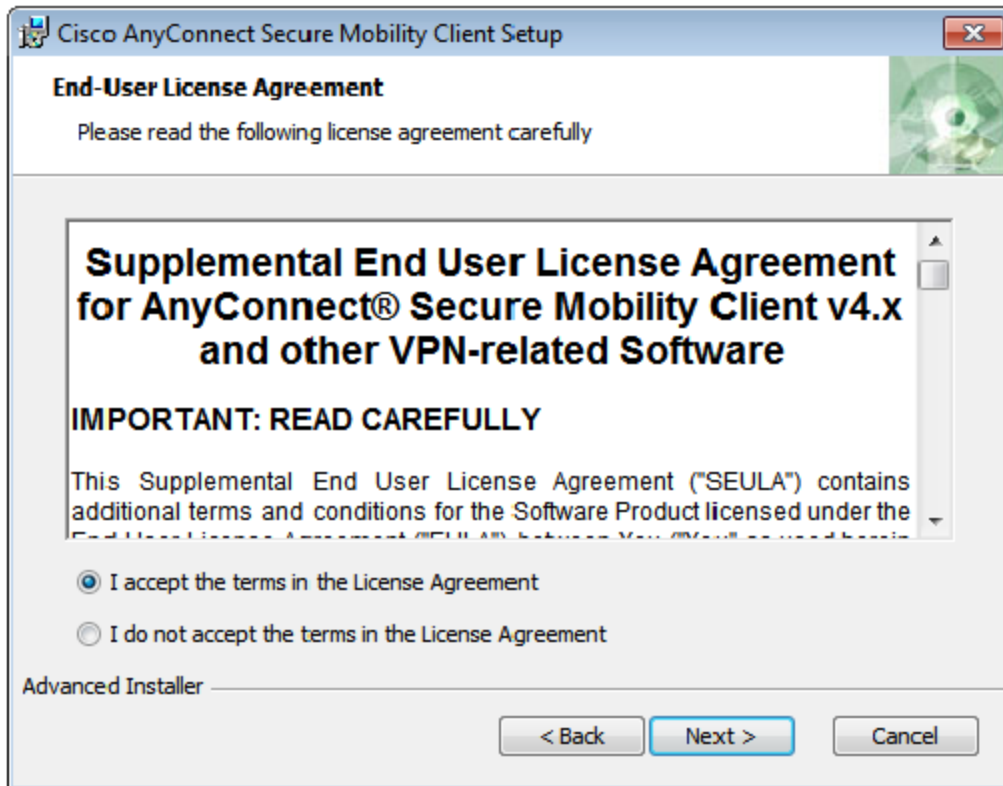

Click Run

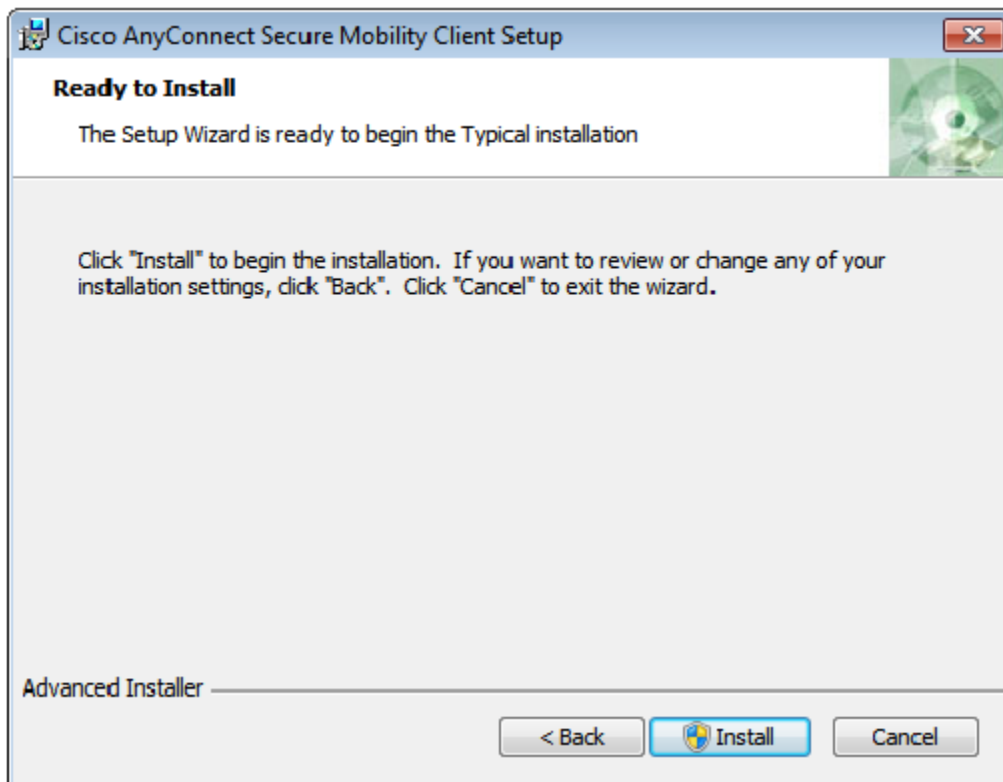

Click Next

Review the agreement and select the I accept the terms in the license agreement bubble
